Introduction

Under the General Data Protection Regulations (GDPR), individuals have a right to be informed about how the school uses any personal data that we hold about them. This report provides information on the kinds of personal data we hold as a school and why and how we might use it.

Schools use a variety of personal data as part of their work and we take great care to ensure that this information is kept safe and secure. Personal data includes things like names, addresses and age, information that we need in order to comply with our statutory role in educating pupils.

Most of this data is essential and does not require your consent to use it. Some personal data is not essential and for that, depending on age, we require the consent of either the pupil or parent. An example of the kind of data that needs consent would be using pupil photographs on the school website.

In this GDPR asset register you will find a complete list of all the systems the school uses which hold personal data. The report also contains additional information such as what personal data items are held, the legal basis for doing this, along with a description of the system and why the school processes the data.

If you have any queries about this document or any other issue relating to personal data, please contact the school Data Protection Officer, whose name is on the front of the pack.

System used: Earwig assessment, recording and reporting

Description

Earwig is a software package designed to turn the whole business of providing teaching evidence, making assessments, tracking progress and reporting into a pleasure rather than a chore. It is one integrated system but comes in three flavours... EARWIG CLASSIC for schools that want to capture magic moments engage parents and stay organised. EARWIG ASSESSMENT for schools that want a simple tool to speed up assessment, tracking and reporting. EARWIG PORTFOLIO for secondary schools that want students to evidence and present progress in non-core subjects.
