GDPR Privacy Notice Summary Report

Date: 21/11/2026

Data Protection Officer: Wallis Bath

Introduction

Under the General Data Protection Regulations (GDPR), individuals have a right to be informed about how the school uses any personal data that we hold about them. This report provides information on the kinds of personal data we hold as a school and why and how we might use it.

Schools use a variety of personal data as part of their work and we take great care to ensure that this information is kept safe and secure. Personal data includes things like names, addresses and age, information that we need in order to comply with our statutory role in educating pupils.

Most of this data is essential and does not require your consent to use it. Some personal data is not essential and for that, depending on age, we require the consent of either the pupil or parent. An example of the kind of data that needs consent would be using pupil photographs on the school website.

In this GDPR Privacy Notice summary report, you will find a complete list of all the systems the school uses which hold personal data. The report also contains additional information such as what personal data items are held, the legal basis for doing this, along with a description of the system, why the school processes the data and who it is shared with.

If you have any queries about this document or any other issue relating to personal data, please contact the school Data Protection Officer, whose name is on the front of the pack.

Hamilton Trust	Hamilton Trust is a UK charity working to support inspirational teaching and learning through its website and projects. Mike O'Regan founded Hamilton in 1988 to support the education of children in the Blackbird Leys, Rose Hill and Barton estates in Oxford - children whose educational potential had long been underestimated. Hamilton aims to enable children from areas of socio-economic disadvantage to create for themselves the life opportunities they deserve through high-quality education and high expectations. Hamilton continues to work closely with primary schools in Oxford and to derive enormous amounts of inspiration for improving educational opportunities from doing so. Professor Ruth Merttens joined Hamilton in 1996 as Co-director. With Mike, she set up and directed the Hamilton Maths and Reading Projects to boost those subjects in Oxford schools located in areas of significant deprivation. As word leaked out about Hamilton's planning materials, demand for them spread, and Hamilton started providing them to teachers in other schools. These formed the basis of Hamilton's original 'Save teachers' Sundays!' website, which enabled a much wider audience to access these plans. Hamilton's website continues to provide high quality, fully adaptable planning and resources to primary school teachers to help them teach robust and engaging lessons. Hamilton also supports and runs various education projects that provide support to its local community and across the country.

System used: Hamilton Trust	
Owner	Chollerton C of E Vol Aided First School
Description	Hamilton Trust is a UK charity working to support inspirational teaching and learning through its website and projects. Mike O'Regan founded Hamilton in 1988 to support the education of children in the Blackbird Leys, Rose Hill and Barton estates in Oxford - children whose educational potential had long been underestimated. Hamilton aims to enable children from areas of socio-economic disadvantage to create for themselves the life opportunities they deserve through high-quality education and high expectations. Hamilton continues to work closely with primary schools in Oxford and to derive enormous amounts of inspiration for improving educational opportunities from doing so. Professor Ruth Merttens joined Hamilton in 1996 as Co-director. With Mike, she set up and directed the Hamilton Maths and Reading Projects to boost those subjects in Oxford schools located in areas of significant deprivation. As word leaked out about Hamilton's planning materials, demand for them spread, and Hamilton started providing them to teachers in other schools. These formed the basis of Hamilton's original 'Save teachers' Sundays!' website, which enabled a much wider audience to access these plans. Hamilton's website continues to provide high quality, fully adaptable planning and resources to primary school teachers to help them teach robust and engaging lessons. Hamilton also supports and runs various education projects that provide support to its local community and across the country.

System used: Places Leisure- School Swimming Management System	

Owner	Chollerton C of E Vol Aided First School
Description	The SSMS is a digital assessment tool, assessing pupils using Swim England School Swimming and Water Safety Charter. It is matched against the National Curriculum programmes of study and provides schools with termly reports. Reports evidence statistics to unlock Sports Premium funding for further swimming lessons. The product gives Places Leisure an important opportunity to gather national data to report on school swimming and influence national networks. Data gathered will strengthen potential to 'close the gap' for the 30% not yet meeting the standard. The system requires a school pupil data upload containing basic details for pupils swimming each term. Data is automatically uploaded to the Places Leisure School Swim App where school swim instructors assess pupils against Swim England's School Swimming Awards. Schools receive a termly update on pupil attainment for all pupils we have the data for.
