Introduction

Under the General Data Protection Regulations (GDPR), individuals have a right to be informed about how the school uses any personal data that we hold about them. This report provides information on the kinds of personal data we hold as a school and why and how we might use it.

Schools use a variety of personal data as part of their work and we take great care to ensure that this information is kept safe and secure. Personal data includes things like names, addresses and age, information that we need in order to comply with our statutory role in educating pupils.

Most of this data is essential and does not require your consent to use it. Some personal data is not essential and for that, depending on age, we require the consent of either the pupil or parent. An example of the kind of data that needs consent would be using pupil photographs on the school website.

In this GDPR Privacy Notice summary report, you will find a complete list of all the systems the school uses which hold personal data. The report also contains additional information such as what personal data items are held, the legal basis for doing this, along with a description of the system, why the school processes the data and who it is shared with.

If you have any queries about this document or any other issue relating to personal data, please contact the school Data Protection Officer, whose name is on the front of the pack.

Classroom Secrets	Classroom Secrets was founded by Claire and Ed Riley in 2013 after Claire took a supply role in a primary school. Being a trained secondary school teacher of performing arts, Claire was used to differentiating by outcome rather than by activity. When planning for her Year 4 class, she came across a problem – the activities and resources available did not allow all children in the same class to access them. Claire was used to providing the same activity for all children, with a choice of levels that would suit each child. And with that, the idea for Classroom Secrets was born… Based in Claire and Ed's hometown of Halifax, we have seen rapid growth since the spring of 2018. We now have over 50 employees working hard on a daily basis to bring you resources that help children learn and teachers reduce their workloads.

Hamilton Trust	Hamilton Trust is a UK charity working to support inspirational teaching and learning through its website and projects. Mike O'Regan founded Hamilton in 1988 to support the education of children in the Blackbird Leys, Rose Hill and Barton estates in Oxford - children whose educational potential had long been underestimated. Hamilton aims to enable children from areas of socio-economic disadvantage to create for themselves the life opportunities they deserve through high-quality education and high expectations. Hamilton continues to work closely with primary schools in Oxford and to derive enormous amounts of inspiration for improving educational opportunities from doing so. Professor Ruth Merttens joined Hamilton in 1996 as

	Co-director. With Mike, she set up and directed the Hamilton Maths and Reading Projects to boost those subjects in Oxford schools located in areas of significant deprivation. As word leaked out about Hamilton's planning materials, demand for them spread, and Hamilton started providing them to teachers in other schools. These formed the basis of Hamilton's original 'Save teachers' Sundays!' website, which enabled a much wider audience to access these plans. Hamilton's website continues to provide high quality, fully adaptable planning and resources to primary school teachers to help them teach robust and engaging lessons. Hamilton also supports and runs various education projects that provide support to its local community and across the country.

School Cloud	SchoolCloud started in a computing classroom — except, we weren't the teachers. Our company founders were aged 15 and challenged by their IT teacher to solve a school-wide issue of room double bookings. They spent a rainy, Scottish summer developing our very first product, Room Booking System. Not only did their school find it a winning solution, but they even gave them the grand sum of £100 for it! Equipped with our first income and some valuable guidance from entrepreneurial parents, we launched our business from the playground in 2006. And we've not looked back since. Today, by understanding our customers to ensure our technology is tailored to their needs, our software has come far beyond version one. We've organically grown our team to develop and launch multiple award-winning technology solutions that are used across the world to enhance school operations.

System used: Classroom Secrets	
Owner	Collingwood School
Description	Classroom Secrets was founded by Claire and Ed Riley in 2013 after

	Claire took a supply role in a primary school. Being a trained secondary school teacher of performing arts, Claire was used to differentiating by outcome rather than by activity. When planning for her Year 4 class, she came across a problem – the activities and resources available did not allow all children in the same class to access them. Claire was used to providing the same activity for all children, with a choice of levels that would suit each child. And with that, the idea for Classroom Secrets was born… Based in Claire and Ed's hometown of Halifax, we have seen rapid growth since the spring of 2018. We now have over 50 employees working hard on a daily basis to bring you resources that help children learn and teachers reduce their workloads.

On occasions where it is necessary to access customer data on behalf of a school, for example to investigate a specific support case, only approved Groupcall support and technical staff can access it. Groupcall staff are vetted and are subject to contractual data access policies and confidentiality clauses. We carry out DBS checking where appropriate. In order to carry out business activities authorised Groupcall staff can access business data subject to access controls.

System used: Hamilton Trust	
Owner	Collingwood School
Description	Hamilton Trust is a UK charity working to support inspirational teaching and learning through its website and projects. Mike O'Regan founded Hamilton in 1988 to support the education of children in the Blackbird Leys, Rose Hill and Barton estates in Oxford - children whose educational potential had long been underestimated. Hamilton aims to enable children from areas of socio-economic disadvantage to create for themselves the life opportunities they deserve through high-quality education and high expectations. Hamilton continues to work closely with primary schools in Oxford and to derive enormous amounts of inspiration for improving educational opportunities from doing so. Professor Ruth Merttens joined Hamilton in 1996 as Co-director. With Mike, she set up and directed the Hamilton Maths and Reading Projects to boost those subjects in Oxford schools located in areas of significant deprivation. As word leaked out about Hamilton's planning materials, demand for them spread, and

	Hamilton started providing them to teachers in other schools. These formed the basis of Hamilton's original 'Save teachers' Sundays!' website, which enabled a much wider audience to access these plans. Hamilton's website continues to provide high quality, fully adaptable planning and resources to primary school teachers to help them teach robust and engaging lessons. Hamilton also supports and runs various education projects that provide support to its local community and across the country.

System used: IDL-Literacy and Numeracy	
Owner	Collingwood School
Description	IDL was devised in the mid 1980s by educators working with the Starcross Educational Research Association. In 2012 a programme was funded by the Big Lottery called Lifting Barriers. This allowed IDL to be developed for use within a school environment in conjunction with SENCO leaders. Over a three year period IDL was placed in to 120 primary and secondary schools across the North West. IDL was required to show an increase in reading and spelling ages along with an increase in confidence and self-esteem for those pupils with dyslexia or dyslexic type difficulties. The results showed an average increase in reading and spelling ages of 11 months after only 26 hours use. Since its development for use in schools, IDL has gone from strength to strength with schools nationwide and overseas using IDL and demonstrating real improvements for pupils with challenging literacy needs.

System used: School Cloud	
Owner	Collingwood School
Description	SchoolCloud started in a computing classroom — except, we weren't the teachers. Our company founders were aged 15 and challenged by their IT teacher to solve a school-wide issue of room double bookings. They spent a rainy, Scottish summer developing our very first product, Room Booking System. Not only did their school find it a winning solution, but they even gave them the grand sum of £100 for it! Equipped with our first income and some valuable guidance from entrepreneurial parents, we launched our business from the playground in 2006. And we've not looked back since. Today, by understanding our customers to ensure our technology is tailored to their needs, our software has come far beyond version one. We've organically grown our team to develop and launch multiple award-winning technology solutions that are used across the world to enhance school operations.

System used: The Headteacher Report	
Owner	Collingwood School
Description	Here at The Headteacher's Report, our entire existence revolves around creating the most dynamic, professional and easy to understand reports for our Heads, CEOs and their Governors and trustees alike. We understand how many leadership hours it typically takes to produce a Headteacher's Report from scratch. With this in mind, we set ourselves the challenge of making this process quicker, simpler and smarter, whilst producing beautifully presented reports. We live and breathe education, no problem is too big to solve and we chuck in a big slice of our family orientated small-business passion into every single report. We help make reporting to Governors and trustees that little bit easier so that you don't have to burn the midnight oil trying to finish your report.
